**FOR IMMEDIATE RELEASE**

# TechSage Solutions Earns CompTIA Security Trustmark™
*Validation that TechSage Solutions uses industry accepted security best practices*

**Company Location San Antonio, TX and December 8, 2010** – TechSage Solutions, a business consulting company focused on Information Technology announced today it has received the CompTIA Security Trustmark™ from Computing Technology Industry Association (CompTIA), the leading trade association for world's information technology (IT) industry,

The CompTIA Security Trustmark validates that TechSage Solutions uses the security processes identified by the IT industry as generally accepted best practices.

"The CompTIA Security Trustmark signifies that TechSage Solutions adheres to our industry's highest standards for security practices and business processes in critical areas such as data protection, personnel security and access management," said Steve Hunt, senior director, Trustmark Programs, CompTIA.

To earn the CompTIA Security Trustmark TechSage Solutions was independently audited by IT security experts to assess their security policies, capabilities, practices, and processes in areas such as:

- Security technologies, including firewalls, anti-Virus/ malware/ spyware and intrusion detection

-  Vulnerability assessment detection

- Data encryption

- Technical employee knowledge/expertise

- Security clearances and background checks

- Physical and hardware security

- Permissions, passwords and other security requirements
